

# NEW TEACHER NETWORK

*Lane CTE*

If you are a new CTE teacher, or an experienced teacher who is new to CTE, and you are looking for support and connection to the CTE community in Lane County, the New Teacher Network is for you!

The NTN cohort meets four times throughout the school year for professional collaborative learning focused on inclusive and student-centered instructional design and practice in the CTE classroom and support in navigating CTE processes and requirements. Teachers can also request individualized help and mentorship from a licensed teacher who is available to them on an as-needed basis throughout the year.

We believe that supporting and mentoring new teachers is crucial to the success of all Lane County CTE students. We believe that fostering this cross-district collaboration strengthens our entire region.

**Sign up [here](#). Contact Cassadie Ross [cross@lesd.k12.or.us](mailto:cross@lesd.k12.or.us) with any questions.**
